

## MEDICAL

**SurgiSeal Stylus®**

SurgiSeal Stylus is an innovative solution for treating minor cuts and wounds. Ideal for non-bleeding injuries and as a protective barrier over stitches or staples, this advanced topical adhesive has a proven ability to inhibit bacterial growth. Keep your wounds secure and protected with SurgiSeal's cutting-edge formula.

**KEY FEATURES AND BENEFITS****Cost-Effective**

The unique formulation ensures that the adhesive won't solidify in the applicator, allowing you to use the full 0.5 ml of adhesive with no waste.

**User-Friendly Delivery**

The gravity-fed applicator eliminates the need to squeeze, providing effortless application.

**Extended Coverage**

One applicator can close up to 409 linear centimeters of wounds, maximizing efficiency.

**Flexible & Water-Resistant**

SurgiSeal creates a protective coating that is both flexible and water-resistant, safeguarding your wounds during recovery.

**Rapid Polymerization**

The adhesive polymerizes upon contact with skin, fluid, or blood—no initiator required, ensuring quick and effective application.
